

Hungry Games

Hungry Games is a simple command-line based game created using the C language. Hungry Games takes references from pacman and snake. Hungry Games is a 1-player mode game, where players must eat food “*”, complete a maze, reach a minimum score (50), and avoid enemies “@”. Hungry Games is a group project and my role in this project is to design ideas, create maps, function movements, and create finish lines.

HI-Toyz

HI-Toyz is a toy store that sells plastic model kits and figurines. HI-Toyz provides a selection of toys from various brands and is also a center of activity for toy collectors, such as tamiya, bandai, mattel toys, mini-GT and others. The HI-Toyz website was created to sell products online, so that it can reach more buyers. In addition, through the HI-Toyz website, it is expected to improve service to customers.
